This game is fun and adorable. And great with friends. I just hope that you will be able to somehow add in multiplayer. Because not everyone has friends nearby to play this with. I still recomend this game though.. A nice little party game. For free.. Well the game is so fun when play with friends (in the same place, we can laugh together) and it's cool because it's free, BUT seriously so sad if there is NO online multiplayer for this game, I hope there is a new feature about online multiplayer, and oh ya I don't know why, whenever I chose MITO ARENA, it's broken or ya crashed.. Good minuture game, can be nice but gets boring after a while. To improve this game the devs should have more ideas for different types of game modes. Without changing the game base you should just make slight changes to the game to give it more content and modes and it will be more interesting for longer. Overall worth a try.
